

**Building Renewal Grant Application**

**Initial Submission Date:** 12/21/2012 4:11:48 PM

**Application ID:** 475

**Resubmittal Date:**

Please provide as much of the requested information as possible. SFB staff will assist in developing required information that is not currently available.

**District Name:** Colorado River Union High School District

**Superintendent:** Riley Frei

**Contact Person:** Donna Roach

**Contact Phone Number:** 928.788.1405

**Contact Email:** droach@cruhsd.org

**School Site:** Mohave High School

**Buildings:** 9999 School Wide

**Description of Problem**

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

Mohave High School has been struggling with a security issue related to door locks campus-wide. The locks that are in place are very old, with the majority being close to sixty years old. They are part of the original equipment when the high school was built. Many locks have been rekeyed as keys have been lost. There is no longer just one master key, but many. Over the years, Administration has lost track of what keys were issued to whom. There is not a simple and efficient way to access locked rooms. Far worse, there is no quick way to secure those that are unlocked in the event of a student/staff emergency, such as a lockdown. There is also concern that master keys have been issued and not returned over the years, which poses a threat to the security of the school. Student and staff safety is our ultimate goal and responsibility; therefore we feel our only option is to rekey the entire school. This will allow for a secure inventory of the locks and keys, the ability to quickly secure the buildings in an event of an emergency, as well as allowing for reliable data and records of key issuance, copies, etc. Due to financial constraints and budget reductions, the District has been unable to remedy this situation in the past and we ask for assistance from the School Facility Board to assist in making Mohave High School a safer school. An initial estimate has been obtained from one company for a total of \$74,466.51. Additional quotes are forthcoming.

**Project Category:** General Renovations

**Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school?** N

**Available Funding**

Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Amount of Local funds planned for this project	\$0.00

## Building Renewal Grant Application

Please outline any associated insurance coverage.

This is not covered by insurance.
